## MECHANICAL KITS

This line of AOA instruments takes its information directly from the AOA probe and gives a calibrated AOA readout from a custom designed differential pressure gauge. Each gauge is customized with an aluminum/glass lens and high visibility colored scale, that once calibrated, gives instantaneous needle readout of available lift over the aircrafts total AOA range.

### DASH MOUNT AOA GAUGE

### DASH MOUNT AOA KIT

The dash mount AOA kit comes complete with the AOA gauge mounted in a customized light weight carbon fiber pod. This display is designed to be mounted on top of the glare shield to be seen by the pilot in their peripheral vision. This Kit comes complete with AOA probe, 9" X 9" mounting plate, hardware, 21 ft. of blue and white hose, fittings, installation and operational manuals.

**Retail Price: \$650.00**

### 3 1/8" PANEL MOUNT AOA GAUGE

### 3 1/8" PANEL MOUNT AOA KIT

The 3 1/8" panel mount AOA was designed to fit in the standard 3 1/8" aircraft panel opening with 4 X (6 - 32) mounting screws. This high visibility AOA display was designed to be mounted high in the instrument panel to give the pilot, once calibrated, instantaneous readout of available lift throughout the aircraft's entire AOA range. This kit comes complete with AOA probe, 9" X 9" mounting plate, hardware, 21 ft. of blue and white hose, fittings, installation and operational manuals.

**Retail Price: \$595.00**

### 2 1/4" PANEL MOUNT AOA GAUGE

### 2 1/4" PANEL MOUNT AOA KIT

The 2 1/4" panel mount AOA was designed to fit in the standard 2 1/4" aircraft panel opening with 4 X (6 - 32) mounting screws. This high visibility AOA display was designed to be mounted high in the instrument panel to give the pilot, once calibrated, instantaneous readout of available lift throughout the aircraft's entire AOA range. This kit comes complete with AOA probe, 9" X 9" mounting plate, hardware, 21 ft. of blue and white hose, fittings, installation and operational manuals.

**Retail Price: \$595.00**
